Subject: No Response to FOIA Request for Breach Reports?
Date: Wed, April 12, 2017 09:53
To: "OS FOIA Request (HHS/ASPA)" <FOIARequest@hhs.gov>

To Whom It May Concern:

In the first week of February, I filed two FOIA requests. One appears below the separator. The other one concerned "Aesthetic Dentistry" in NYC.

I have not received replies to either request. I have not received file numbers, even.

Do I need to file an appeal or do I need to file a lawsuit to obtain the requested information/records? They were very straightforward requests, clearly limited in scope, and I received no phone call or anything. Two months should have been more than sufficient to obtain the information, which continues to be of public concern.
